Office of the Provost and Academic Affairs

Dual Career Support

In support of our efforts to recruit and retain a world-class faculty, the University of Oregon is providing the requisite tools and resources to encourage and assist academic units in the hiring of qualified spouses or partners. Dual career opportunities assist the university in meeting multiple goals for the recruitment and retention of a highly-qualified faculty and administrative work force. Support programs are administered by the Office of the Provost and Academic Affairs (OPAA), working closely with partners in the Office of Equity and Inclusion, the Office for Research and Innovation, and each of the schools and colleges.

The University of Oregon and the state's Public Employees Benefit Board (PEBB) employ a broad and progressive definition of domestic partnership, inclusive of marital and non-marital relationships and both same-sex and opposite-sex partners.

SUPPORT FOR PARTNERS IN TENURE-RELATED APPOINTMENTS

Career Partners Program

The University of Oregon's Career Partners Program supports tenure-related faculty recruitments where the spouse or partner is also suitably qualified for a tenure-related position. It does not create an entitlement to a job, nor does it create a position. Rather, it provides department heads a tool for negotiation. The primary purpose is to recruit excellent new faculty who will advance the academic priorities of the university within the context of inclusion, equity and diversity. In exceptional cases, this program may be used for the retention of current tenure-related faculty who meet this description.

Following the decision to hire a faculty member, the university may consider a qualified partner for a tenure-track or tenured position, provided that the following conditions are satisfied:

1. The partner has obtained the terminal degree appropriate for the field.
2. The hiring unit (of the partner) has properly reviewed and vetted the partner's academic record and has indicated its full approval for this second hire.
3. Both the unit making the initial hire and the hiring unit of the partner are willing to make a substantial and ongoing financial contribution toward the salary and benefits for the partner hire, including salary increases over time.
4. The dual hire clearly furthers the university's fundamental

Funding

If all of these conditions are satisfied, the university will consider contributing one-third (1/3) of the initial salary and OPE for this partner hire on a recurring basis. The remainder of the cost is contributed by the recruiting unit of the initial hire and the hiring unit of the partner (and/or their respective colleges), with each unit typically providing one-third (1/3). Subsequent salary increases (and related OPE) are the responsibility of the hiring unit or college (of the partner).

Should the initial recruitment prove unsuccessful, or if the partner leaves this position, the partial funding lines supporting the position will revert to their originating units.

SUPPORT FOR PARTNERS IN NON-TENURE-RELATED ACADEMIC OR ADMINISTRATIVE APPOINTMENTS

Dual Career Bridge Program

The Dual Career Bridge Program also supports tenure-related faculty recruitments, providing opportunities for qualified spouses or partners in non-tenure-related faculty or administrative positions. While these partner appointments most typically support the recruitment of tenure-related faculty, they may occasionally be used when the initial hire is an outstanding candidate in a career non-tenure-track position or an officer of administration in a senior leadership

(UNIT) POSITION OF COLLEGE/FELLOW OF ADMINISTRATION (OA)

position, provided that the following conditions are satisfied:

1. The partner has obtained the appropriate degree for the field, holds appropriate credentials for the field, and/or has a demonstrated record of relevant achievement.
2. The hiring unit (of the partner) has properly reviewed and vetted the partner's record and has indicated its full approval for this second hire.
3. Both the unit making the initial hire and the hiring unit of the partner are willing to make a substantial and ongoing financial contribution toward the salary and benefits for the partner hire, including salary increases over time.
4. The dual hire clearly furthers the university's fundamental goal of academic excellence, as consistent with our academic priorities within the context of equity, inclusion and diversity.
5. Preferences will be given to those cases where a strong record of achievement is already established.
6. In no case are partner hires guaranteed or automatic.

Funding

If all of these conditions are satisfied, the OPAA will consider contributing one-third (1/3) of the initial salary and OPE for a period of up to three years. The remainder of the cost is contributed by the recruiting unit of the initial hire, the hiring unit of the partner, and/or their respective colleges. At the end of this three-year period, no further funding will be provided by OPAA. Salary increases during the three-year period (and related OPE) are the responsibility of the hiring unit or college (of the partner).

Any plans, expectations, or conditions for continuing the appointment beyond the three-year bridge period should be

Should the initial recruitment prove unsuccessful, or if the partner leaves this position, the partial funding lines supporting the position will revert to their originating units.

Dual Career Fellowship Program

A limited number of Dual Career Fellowships are available on a one-time basis to partners of newly-hired faculty or faculty the university is seeking to retain. Individuals with appropriate professional qualifications are eligible for these temporary, one-year fellowships in appropriate disciplines or support units. A fellowship is meant to provide an initial professional "landing site" allowing time for the individual to seek employment in the local area, as well as providing opportunities to interact with departmental colleagues, to use university libraries, and to attend seminars and colloquia. The appointment may carry academic rank.

Following the decision to hire a faculty member, the university may consider a qualified partner for a Dual Career Fellowship, provided that the following conditions are satisfied:

1. The hiring (or "host") unit of the partner establishes job expectations for the appointment and ensures that the Dual Career Fellow applicant meet the minimum requirements for these duties.
2. The hiring unit (of the partner) has properly reviewed and vetted the partner's record and has indicated its full approval for this second hire.
3. The unit making the initial hire, the hiring unit of the partner, or both are willing to make a financial contribution toward the salary and benefits for the partner hire.
4. The dual hire clearly furthers the university's fundamental goal of academic excellence, as consistent with our

Funding

The payment for a Dual Career Fellowship appointment is \$10,000. OPAA will contribute \$7,000 (and associated variable OPE), with the remaining \$3,000 (plus OPE) provided by the recruiting department of the initial hire, the host department of the partner, and/or their respective colleges. The amount of the fellowship (and corresponding job expectations) may be supplemented by either unit. Where there are responsibilities in multiple units, those must be developed in consultation with the candidate and head of the host department.

SUPPORT FOR ALL PARTNERS OF UNIVERSITY EMPLOYEES

General Employment Assistance

The University of Oregon furnishes information on employment possibilities in the broader metropolitan area, including the University of Oregon, Lane Community College, and Oregon State University. New faculty should consult [Human Resources \(http://hr.uoregon.edu/worklife\)](http://hr.uoregon.edu/worklife) for additional information. As part of its commitment to faculty in dual-career partnerships, the University of Oregon is a member of the Greater Oregon Higher Education Recruitment Consortium ([GO HERC \(http://www.hercjobs.org/greater_oregon/\)](http://www.hercjobs.org/greater_oregon/)) which supports a searchable database of all job listings – faculty, administration, and staff – at member institutions in Oregon and southern Washington.

negotiating the terms of the agreement with partner units.

For assistance negotiating start-up costs, consult the Office of Research and Innovation.

2. Request for funding:

OPAA will review the application and render a preliminary decision promptly, contingent on formal vetting and successful completion of the hire or retention. Requests to the Career Partner Program will also be reviewed by the Office of Equity and Inclusion (OEI). When all hiring details are worked out, record the finalized terms of the appointment on the [Dual Career Agreement form \(https://academicaffairs.uoregon.edu/sites/academicaffairs2.uoregon.edu/files/dual_career_funding_agreement_2-10-16_gd.pdf\)](https://academicaffairs.uoregon.edu/sites/academicaffairs2.uoregon.edu/files/dual_career_funding_agreement_2-10-16_gd.pdf). With signatures from all participating units in place, have the dean's office route the form to OPAA (academicaffairs@uoregon.edu (<mailto:academicaffairs@uoregon.edu>)) to be signed by the Senior Vice Provost.

3. Request to Offer with Waiver of Search:

The host department will proceed with the appointment in accordance with existing campus procedures. The required documentation for the spousal appointment at the proposed rank should be compiled by the partner's hiring unit and submitted via the dean's office to Talent Acquisition & Development in Human Resources.

Complete and collect the following materials:

- [Request to Offer \(RTO\) \(http://hr.uoregon.edu/hr-operations/personnel-actions/request-offer-rto-resource-guide\)](http://hr.uoregon.edu/hr-operations/personnel-actions/request-offer-rto-resource-guide) for the proposed appointment, signed by department head and dean
- [Request for Waiver of Unclassified Search Process form \(http://hr.uoregon.edu/talent-acquisition/hiring-](http://hr.uoregon.edu/talent-acquisition/hiring-)
